Fred:

As a matter of information, Mr. Duckett is scheduled to brief the Intelligence Review Course tomorrow (Tues) from 1045-1200 at 1000 Glebe Road. He has all the necessary information and appropriate vu-graphs in hand. The car has been arranged for approximately 1020 to get him over there in time. I plan to accompany him as usual.

The security level of this briefing is SI, TKH. We have about 5 Directorate members who are attending the course.
